

KHAWAJA IBRAHIM AHMED

JavaScript Developer | MERN

+92 310 218 0747

syedibrahim5436@gmail.com

Karachi, Pakistan

SUMMARY

Results-driven **Frontend Developer** skilled in React.js, Tailwind CSS, and modern JavaScript (ES6+), with a strong focus on responsive, high-performance user interfaces. Proven track record of building company websites, dashboards, and internal tools. Comfortable with backend technologies like Node.js and MongoDB for API integrations and improving frontend-backend collaboration.

EDUCATION

BS Computer Science

Federal Urdu University of Arts, Science & Technology
2021-2024

Intermediate (Pre-Engineering)

Board of Intermediate Education Karachi (BIEK)
2018-2020

Matriculation (Science)

Board of Secondary Education Karachi (BSEK)
2017

SKILLS

Frontend Development:

- React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, GSAP(animation)
- Responsive Design, UI Optimization, Component-Based Architecture

Backend :

- Node.js, Express.js, MongoDB, REST APIs, JWT Authentication

Database:

- MongoDB, MongoDB Atlas, Schema Design

Development Practices:

- Modular Code Structure, Debugging, Clean Code Standards, Version Control, Team Collaboration

LANGUAGE

- Urdu
- English

PROFESSIONAL EXPERIENCE

Software Engineer (MERN)

Linked Things — Feb 2024 to Present | Karachi, Pakistan

Key Projects:

- Attendance Management System:** Built and deployed the entire frontend using React.js, Tailwind CSS, and REST APIs for a company-wide attendance solution, including dynamic state management, report generation, and responsive UI.
- Inventory Management System:** Developed core frontend components for stock tracking and supplier modules; collaborated with backend developers for API data integration and dashboard functionality.
- IoT Platform:** Worked on both frontend and backend for an IoT-based monitoring platform, building dashboards with React.js and handling API endpoints and database operations using Node.js, Express.js, and MongoDB.

Key Responsibilities:

- Designed scalable, component-based UIs with React.js, Tailwind CSS, and modern JavaScript (ES6+).
- Used React hooks (useState, useEffect) and lifecycle methods for state management and dynamic content updates.
- Integrated RESTful APIs for authentication, dashboards, and IoT data visualization, ensuring smooth frontend-backend communication.
- Applied Git for version control, managing feature branches, pull requests, and collaborative workflows.
- Assisted with backend tasks as needed (Node.js, Express.js, MongoDB) to support frontend functionality and full-stack integrations.

Instructor

The Learner Academy — Mar 2021 – 2024 | Karachi, Pakistan

- Taught Computer Science, Mathematics, and Physics to secondary school students (Class IX & X) under Karachi Board curriculum.

CERTIFICATIONS

- Mobile App Development (**React Native**) — SIIABP, 2023
- Web & App** Development (**MERN**) — SMIT Training Program, 2022
- Microsoft Office** Essentials — Skill Development Council Karachi, 2018
